

Feeling things don't make sense? This is for you.

The Public Relations Story

As promoted by some medics, the government and media.

1. What has been called SARS Covid-19 is a natural virus.
2. It escaped from a wet market or lab in Wuhan.
3. It is new, highly infectious and deadly, so a pandemic.
4. It warrants extreme measures to contain and eradicate it.
5. The government do all they can to keep you healthy.
6. The government act on the best scientific/medical advice.
7. Masks inhibit the spread of viruses from person to person.
8. Social distancing limit viral transmission **and infection**.
9. Lockdowns prevent viral transmission **and infection**.
10. Get tested! PCR tests can determine if you are infected.
11. There are no cures to prevent people dying from Covid-19.
12. There is nothing we can do to reduce our risk of infection.
13. It is possible and desirable to eradicate Covid.
14. Our only hope of doing so is with a vaccine.
15. 80% of people vaccinated will give us herd immunity.
16. The vaccines presently available are safe and effective.
17. The vaccines reduce your chance of getting Covid.
18. The vaccines stop you from transmitting Covid to others.
19. The vaccine will reduce symptom severity if you get Covid.
20. Not wearing masks endangers others.
21. Not social distancing endangers others.
22. Not being vaccinated endangers others.
23. The unvaccinated are responsible for the mutating strains.
24. We can only go back to normal if...

Question: If this is true, why the suppression of so many doctors, scientists and researchers with differing view? Why is there so much censorship of informed medical opinion?

Answer: TRUTH does not mind being questioned. A LIE does not like being challenged.

The Evidence From Experts

Let's take a look at the above points, one by one.

1. Covid, a man interfered with virus has 17 patents:

2. FOI requests to many government, medical and scientific bodies have so far yielded not a single isolated instance of SARS 2019-nCoV. At the time of writing it has not been isolated so has not been proven to exist. Here is the Aus response:

4. The death rate is similar to a seasonal flu:
<https://www.tomgrimshaw.com/tomsblog/?p=34432>
5. The WHO and governments world wide have suppressed the use of Ivermectin and Hydroxychloroquine and not advised to increase Vit D3 supplements, all shown to reduce Covid severity and death rates.
6. A propaganda expert says Covid is a global propaganda operation: <https://rumble.com/vkppo0-covid-is-a-global-propaganda-operation.html>
7. Not one article published before March 2020 supports the efficacy of masks. 40 debunk it:

8. A 28 July 2021 Channel 9 news report: in Australia there has not been a single case of outdoor virus transmission of Covid. Sunshine and fresh air kill viruses! A lesson from the 1918 influenza pandemic:

Government Negligence (Or Malfeasance) On Grand Scale - Canadian expert's research finds lockdown harms are 10 times greater than benefits:

10. The Entire Basis For The Lockdowns Is A Lie! Kary Mullis, inventor of the PCR test, said "...these PCR tests cannot detect free infectious viruses at all." That's why a paw paw and goat can test positive. 21 July 2021 the CDC admitted Covid cannot distinguish

between Covid and the normal flu.

11. An expose from an ICU nurse of the important medical facts, that there are medical cures for Covid that are safe and effective and being suppressed:

12. Refer 8.

13. You can't eradicate a viral respiratory disease. (eg. the common cold) so trying is absurd!

<https://rumble.com/vkv350-dr-dan-stock-862021.html>

14. According to manufacturer's data the shot does not prevent infection, does not prevent transmission, does not lessen the symptoms of the infection and can shed spike proteins infecting others.

15. Herd immunity never been proven from vaccines:

<https://www.tomgrimshaw.com/tomsblog/?p=19636>

16. World Wide the vaccines have killed tens of thousands and injured hundreds of thousands. TGA data shows CV-19 shots caused a 2800% increase in deaths compared to all vaccines combined over last 50 years.

17. At best an absolute risk reduction of 1.3%:

18. Pfizer admits vaxxed can shed:

<https://www.tomgrimshaw.com/tomsblog/?p=32814>

19. Maybe so, maybe not. In Israel 40% and in the UK 80% of the Covid hospitalisations are vaxxed.

20. Masks cannot prevent viral transmission, refer 7.

21. Not so, refer 12.

22. The CDC state "Genetic analysis of the outbreak showed that people who were vaccinated were transmitting the virus to other vaccinated people."

23. Pandemic Of The Unvaccinated is A BLATANT LIE! Variations Come From Mutations IN THE VACCINATED!

24. The truth from two of the criminally insane architects of this madness:

https://www.tomgrimshaw.com/WHO_Director_General_and_Klaus_Schwab.mp4

In a brilliant lecture Dr Lee Merritt said of Fauci, Brix, etc. "Everything they said was wrong. Now, they were wrong about what they were telling us and they were wrong by errors of omission, not telling us things that we knew to be helpful. And I'm talking about knowing in science for 20 years. So I can give you the benefit of doubt if you're wrong about one or two things, but when you're wrong 100% of the time consistently, that's not by accident. I mean even a blind hog gets to eat corn once in a while."

<https://www.tomgrimshaw.com/tomsblog/?p=33980>

Why? The pandemic, lockdowns etc. are to force you to get the vaccine. The vaccine is to force you to get the vaccine passport. The passport is to force you to get the social credit score. The social credit score is to force you to obey the government who can then deny you food, medicine, housing, travel etc.

"They're planning on significant population reduction to balance the books." Catherine Austin Fitts:
